

WEDDING PRICE LIST

Both the basic and unlimited cover packages include:

- Digital high-resolution negatives of all the photos on a CD
- Your own password-protected webpage displaying your photographs to friends and family

BASIC COVER (£475)

For the bride who wants the absolute basics, we offer three hours of coverage. Additional time is £55/hr.

UNLIMITED COVER (£850)

For the bride who wants absolutely everything to be photographed. We provide unlimited cover on your wedding day, from the morning preparations through until you and your guests hit the dance floor and - if you'd really like us to be there for it - photos of you and your new wife/husband arriving at your hotel.

PHOTO BOOK (from \$195)

We offer a selection of rectangular and square albums, in different sizes. We use an industry-only printer (www.asukabook.co.uk), who produce an outstanding quality of printing, stronger bindings and more protective laminates to help your album become an investment that will last the years. For our sizes and prices visit www.jjpix.com/weddings

MULTI-MEDIA DVD (£95)

This unique package contains a DVD, which contains:

- A 3-minute slideshow of your favourite 30 wedding images set against your choice of music
- Up to 500 photos that you can scroll through individually on your television
- Whatever extras you'd like to add to the DVD such as: voice recordings of the speeches, a digital message board from your guests, movie footage. If it is a digital audio, video or photograph file, it can be added to the DVD (*our DVDs take up to 4.7gb).

You'll receive five copies of the DVD. Extra copies can be supplied for £5 each.

DIGITAL PHOTO MONTAGE (from £65)

This is a unique digital photo montage of your favourite photos, from which you can make prints. Basically, it is like arranging numerous photos on a blank sheet of paper - but done on computer. They look lovely behind a frame, or printed onto canvas.

PHOTO CANVAS (from £35)

These are light-weight canvases stretched on wooden frames, which hang on your wall. The surface is like a finely-brushed painting. Either pick a single photo, or take advantage of our Digital Photo Montage service (above).

OTHER EXTRAS

- Thank you post cards (50 copies) £55
- Duplicate copies of the photo book album £75
- A second photographer at your wedding £250
